

GTI-550-TOOL-950KF

— Anaerobic field quick termination kit for ST, SC, FC & LC —

hardcover case 385mm x 275mm 110mm

Professional quality hand tools

APPLICATION

Fumo's professional anaerobic field termination tool kit LL-TOOL-950KF for ST, SC, FC & LC connectors are designed for field engineers, containing all required tools for field terminations and/or repairs. The use of anaerobic adhesive eliminates the need for curing ovens, reduces curing and termination time and, hence, reduces over all down time for the customer. The tool kit is suitable for multimode and singlemode terminations.
